

A WORLD OF FLEXIBLE SOLUTIONS

High Performance Labels
for Demanding Applications

LISTENING. INNOVATING. DELIVERING.

The parameters for every high-performance label differ and your solutions provider should be experienced and knowledgeable enough to meet all of your requirements. Since 1986, IDENTCO has been developing innovative and responsive pressure-sensitive products for Brand Owners, OEMs, ODMs, and EMS providers in the electronic, industrial, automotive, and medical industries. Whether you need custom printed solutions, die-cut functional parts, or thermal transfer products, IDENTCO can deliver worldwide on-demand.

AGILE. RESPONSIVE. RELIABLE.

IDENTCO is committed to being your most responsive partner and we believe that the best solutions are achieved through collaboration. Together, we will design consistent high quality products that will meet your requirements. IDENTCO is determined to remain flexible and responsive, allowing your organization to better adapt to the changing demands of the marketplace.

IDENTCO's offices and manufacturing facilities in the United States, Mexico, Europe, and Asia are staffed with knowledgeable professionals, state-of-the-art equipment, and broad capabilities. This enables us to listen to your needs and then recommend effective solutions and products.

Whether your goals are to consolidate vendors, reduce costs, enhance or create international brand consistency, IDENTCO is an agile partner that you can rely on to provide innovative solutions on time and on budget.

EVERYTHING UNDER ONE ROOF.

COMPLETE PRINTING AND CONVERTING CAPABILITIES

IDENTCO has the expertise, capabilities, and capacity to manage all of your label needs. With us as your partner, you can reduce your vendor list and simplify your label purchases.

Our manufacturing capabilities include flexographic, screen, thermal transfer, and combination printing, along with digital, flat-bed, and rotary die-cutting.

CUSTOM PRINTED PRODUCTS

FLEXOGRAPHIC AND
SCREEN PRINTING

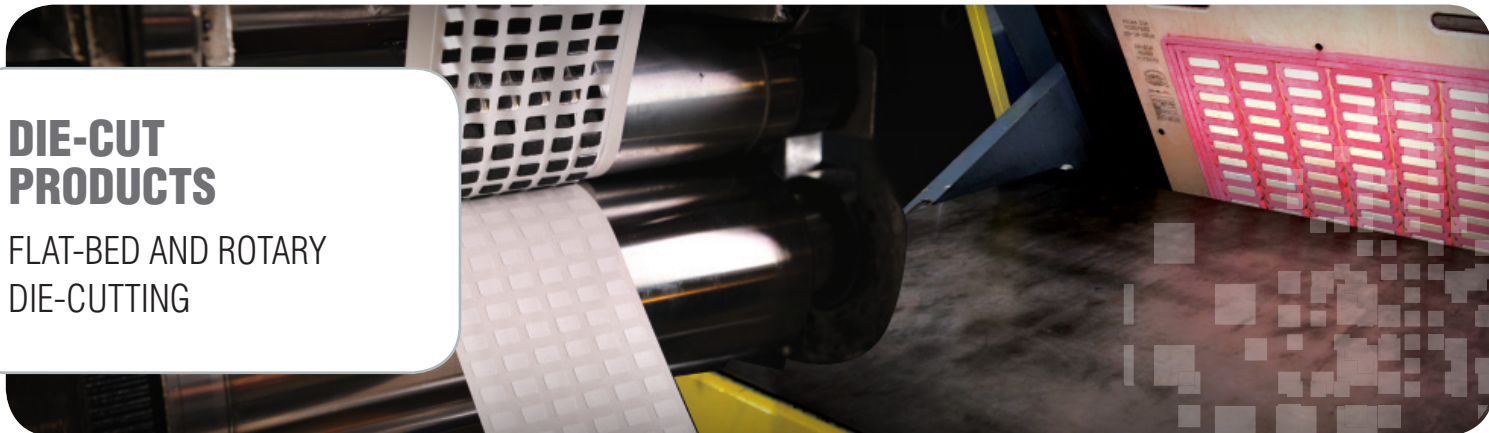

THERMAL TRANSFER PRODUCTS

LABELS, RIBBONS,
AND PRINTING

DIE-CUT PRODUCTS

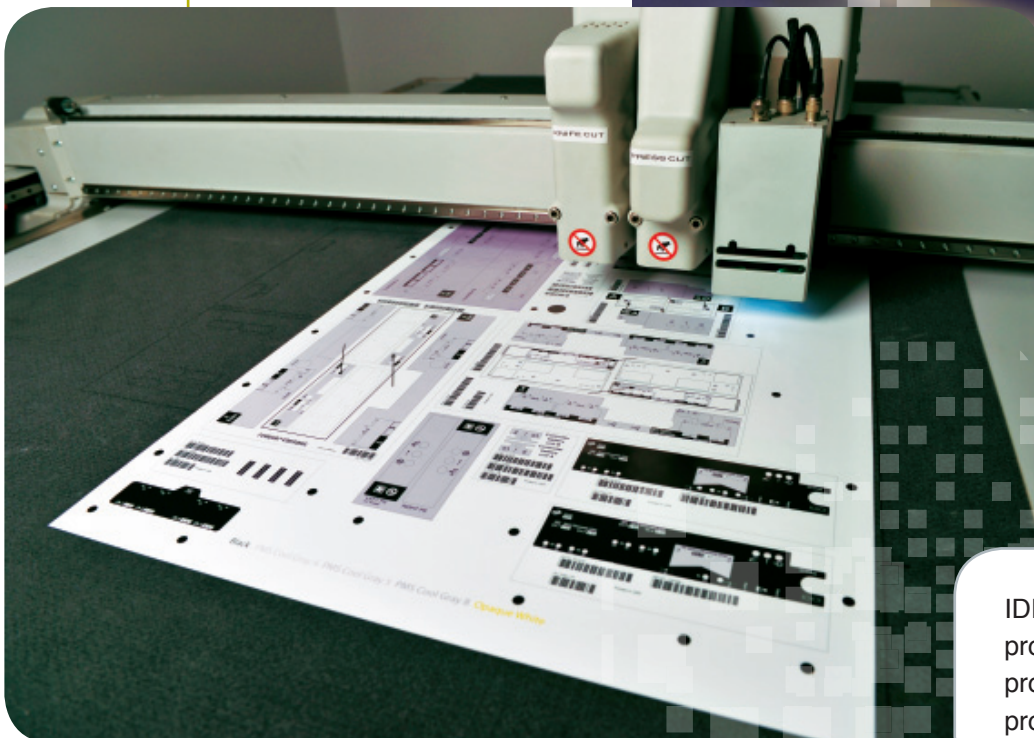

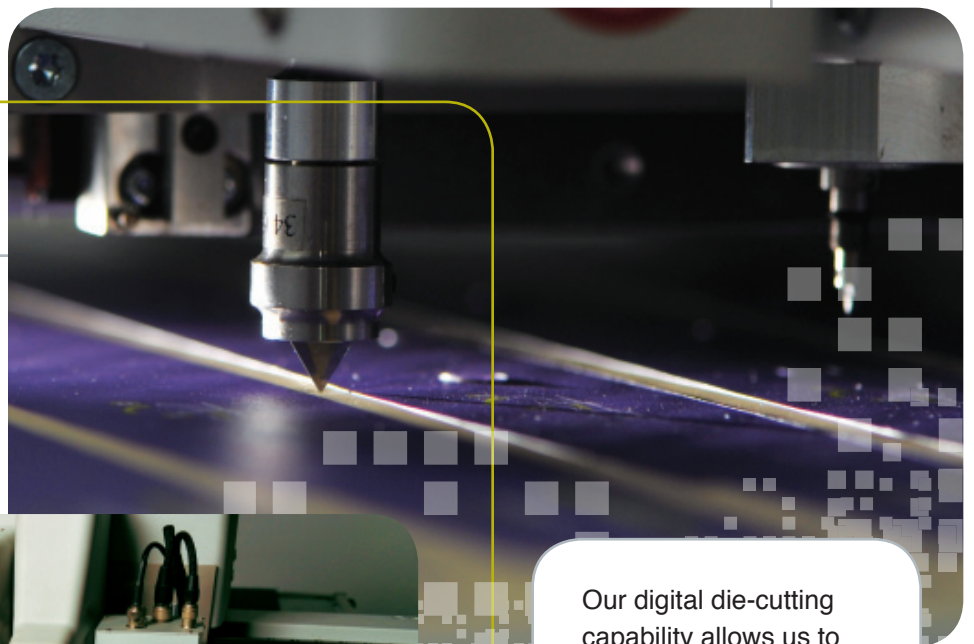

FLAT-BED AND ROTARY
DIE-CUTTING

RAPID PROTOTYPING SOLUTIONS.

FROM ONE TO ONE MILLION

IDENTCO's product development capabilities decrease your time to market and your product approval costs by providing extremely accurate, low quantity prototypes. Every stage of the development process is precisely documented and tested. Decades of experience and strict ISO procedures allow us to seamlessly upscale your product for mass production with the same speed and quality.

Our digital die-cutting capability allows us to cut any size or shape prototype, or limited production runs, without the cost or time delay of hard tooling.

IDENTCO's unique prototyping process provides accurate, high quality prototypes which are identical to the final production run.

ONE SUPPLIER. EVERY SOLUTION.

CPP

CUSTOM PRINTED PRODUCTS

- Brand Identification
- UL/CSA Nameplates
- Graphic Overlays
- Warning & Safety
- Instructional/Informational
- Security Solutions

TTP

THERMAL TRANSFER PRODUCTS

- Stock Blank Labels
- Custom Blank Labels
- Auto Apply Labels
- Thermal Transfer Ribbons
- Printers/Software

DCP

DIE-CUT PRODUCTS

- Masking & Lenses
- Adhesives & Bonding
- Insulating & Shielding
- Functional Parts

ASSUME QUALITY, EXPECT PERFECTION.

HIGHEST QUALITY GLOBAL PRODUCTION

With IDENTCO's quality-control safeguards, we are able to ensure consistent, accurate production globally. To achieve this, we use the same equipment, materials, inks, and procedures in all of our facilities. So no matter where we produce your labels, they look and perform the same every time.

All of our locations are able to meet the same branding, performance, and regulatory specifications. We provide excellent color-matching capabilities and accuracy, as well as a fully-equipped testing laboratory with superior quality control processes. It's just another way IDENTCO can ensure our clients' consistent success.

QUALITY MANAGEMENT SYSTEMS

ISO | **ISO 9001**
Certified | **TS 16949**
| **ISO 14001**

ISO-CERTIFIED Quality Management System

ISO 9001 - QUALITY MANAGEMENT STANDARD
TS 16949 - AUTOMOTIVE MANAGEMENT STANDARD
ISO 14001 - ENVIRONMENTAL MANAGEMENT STANDARD

AGENCY RECOGNITIONS

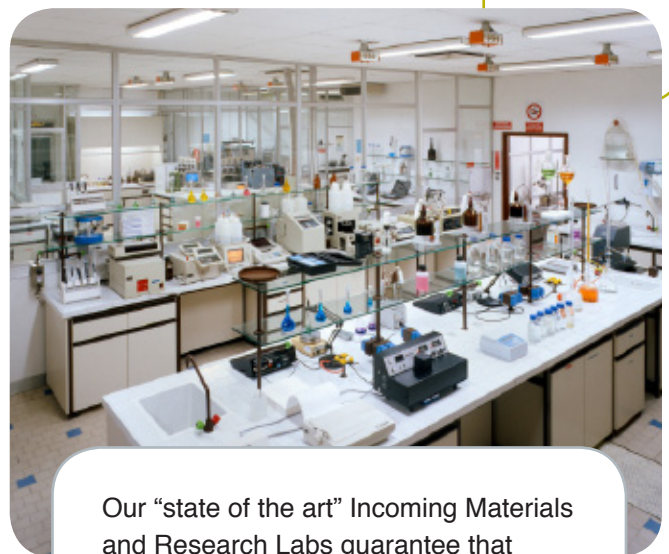

UL: UNDERWRITERS' LABORATORIES
UL-authorized label suppliers program
UL-recognized label and ribbon combinations

CSA: CANADIAN STANDARDS ASSOCIATION

The use of color spectrophotometers and objective color measurement are critical factors in meeting customers' color expectations and maintaining consistent color matching throughout the life of the product.

IDENTCO's reliance on high-tech measurement solutions like this video measurement system ensures that we meet or exceed our customers' critical dimensional requirements.

Our "state of the art" Incoming Materials and Research Labs guarantee that IDENTCO starts the process with the highest quality materials and can develop unique solutions to your durable labeling requirements.

OUR TEAM IS YOUR TEAM.

FULLY COORDINATED CUSTOMER RESPONSE

IDENTCO's team of experts guarantees you a familiar face and voice that understands your unique needs and is knowledgeable about every aspect of your product. IDENTCO believes that the best solutions are achieved through collaboration. Our teams of experts are assigned to specific accounts in order to ensure that you are provided with the optimal level of service, flexibility, and responsiveness. Our dedicated Customer Support Teams include:

- **BUSINESS DEVELOPMENT MANAGER:** listens to your needs, provides solutions, and coordinates your IDENTCO Support Team.
- **CUSTOMER SERVICE REPS:** quick to respond to your questions regarding your orders, quotes, lead times, and concerns.
- **APPLICATION ENGINEERS:** recommend products and material construction based on requirements and cost considerations.
- **ART & GRAPHIC DESIGNERS:** coordinate with your art department to ensure that your end product meets the expectations of your design team.
- **PRODUCT DEVELOPMENT TEAM:** develops new products and material constructions, and tests product performance to your specifications and standards.
- **TECHNICAL SUPPORT REPS:** provide support for thermal transfer printers, label software, and on-demand thermal transfer printing.
